

## 201 301 304L 321 316L Stainless Steel Seamless Pipe For Hydraulic Cylinder Asme B36 10m Pipe

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Certification: CE ISO
- Model Number: Seamless Pipe
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: Standard Sea-worthy Packing
- Delivery Time: 7-15 work days
- Payment Terms: T/T, L/C
- Supply Ability: 5000 Ton/Tons per Month

#### Product Specification

- Name: Seamless Steel Tube
- Steel Grade: 301, 304N, 310S, S32305, 316Ti, 316L, 316, 410S, 436L, 443, 314, 430, 309S, 304, 439, 409L, 420J2, 436, 304L, 405, 904L, 444, 429, 317L
- Length: 5800mm, 6000mm, Etc
- Alloy Or Not: Non-Alloy
- Shape: Round/Square/Rectangular, Etc
- Surface Finish: As Per Customer Required
- Technique: Cold Drawn/Hot Rolled
- Invoicing: By Theoretical Weight
- Highlight: **stainless steel 304 pipes, stainless 316 pipe, seamless pipe for hydraulic cylinder**

## Product Description

### Customized 201 202 301 304 304L 321 316 316L.Stainless Steel Seamless Pipe

Seamless steel pipes are much higher than welded pipes in terms of corrosion resistance and pressure and high temperature resistance. With the improvement of welded pipe manufacturing technology, the mechanical properties and mechanical properties are gradually approaching seamless steel pipes. The production process of seamless steel pipe is relatively complicated, and its price is more expensive than welded pipe.

### Specification

|                        |                                                                                                                                                                                                                                                                                                               |

### Application

Stainless steel seamless pipe can resist high temperatures for cleanliness and maintain the purity of materials which contact stainless steel directly. Stainless steel pipe and tubing are used in chemical plants, aviation fields, marine equipment, cryogenic transportation, medical and architectural industries.

- Chemical plants
- Aviation fields
- Marine equipment
- Cryogenic transportation
- Medical & architectural industries

### FAQ

Q1. Are you a manufacturer or trader?

We are a manufacturer, and we can have our own factory produced many steel products.

Q2. Whether your company supports Trade Assurance order?

Yes, we can (100% product quality protection; 100% on-time shipment protection; 100% payment protection)

Q3. Can we get the some samples? Any charges?

Yes, you can get available samples in our stock. If the samples from new production, we will charge some reasonable cost, but this amount will be deducted from your first order.

Q4. How do we build up business relations with your company?

Send us your requirement which includes size, coating info, parameters, quantity, destination .

Q5. What is the MOQ?

We can accept small orders. Please feel free to contact us, we can meet your requirements.

Q6. What's your advantage?

With high-quality products and efficient customer service, we adhere to the principle of customer first.

Q7. How long is your delivery time?

Delivered within 15 days after receipt of deposit.
